RE: April Quarterly Report (1/1/10 3/31/10)

Dear Mr. Holly,

In response to your letter dated June 17, 2010:

The election cycle-to-date for all aggregate amounts is amended to show activity on an election-cycle basis from 11/5/2008 to 11/2/2010. Amendment submitted 6/21/2010.

The beginning cash balance of the April quarterly report is amended to equal the ending cash balance of the amended yearend report filed on 6/21/2010.

The initial solicitation for a contribution, whether it s by direct mail, telemarketing, or an event RSVP clearly informs the contributor of federal law and requests their full name, mailing address, occupation, and name of employer if they exceed contributions \$200 in an election cycle.

After the initial solicitation is received and the employer/occupation information is not provided, a follow-up letter is sent within 30 days of the initial receipt of the contribution with a business reply envelope provided for easy response.

Upon receiving contributions in excess of \$200 for the election cycle in which no employer/occupation information is given, information requested is entered into the database in the employer and occupation fields. This is an indication that the information has been requested, but not yet provided by the contributor. This terminology has previously been the accepted custom, and is even a default within commercial campaign finance software packages. However, if this information should be provided in an alternate manner, please advise us and we will readily comply with future reports.

Individuals missing their full name, address, occupation, or employer are sent letters requesting missing information, and once received, amended on the report.

Attached is an example of a direct mail remittance form, telemarketing remittance form, and an event RSVP form. Also attached is a copy of the follow-up letter.

Please feel free to contact me with any additional questions. (651) 260-4648

Sincerely,

Callie Wahl
Treasurer
